MATHEUS SENA DA GRAÇA

ABOUT ME

With 5 years of experience in the development field, I have had the opportunity to work in system analysis as well as in support roles. My career has led me to collaborate with companies such as KWAN, C&A, and Resource IT Solutions, where I deepened my knowledge in Java. I also have expertise in COBOL and VisualAge for Java. I am committed to development and am currently pursuing an MBA in Java Architecture and Development, complementing my previous MBA in Full Stack Development.
